The following list includes prices for the cleaning, polishing, recementing, and coating of Leica lenses.

| Type of Lens        | Cleaning | Polishing | Recementing | Coating |
|---------------------|----------|-----------|-------------|---------|
| Hektor 28mm. ....   | \$4.80   | \$7.20    | \$12.00     | \$20.00 |
| Elmar 35mm. ....    | 4.80     | 7.20      | 12.00       | 20.00   |
| Elmar 50mm. ....    | 3.60     | 9.60      | 12.00       | 20.00   |
| Varob 50mm. ....    | 3.60     | 9.60      | 12.00       | 20.00   |
| Hektor 50mm. ....   | 4.80     | 12.00     | 15.00       | 22.00   |
| Summar 50mm. ....   | 4.80     | 12.00     | 15.00       | 22.00   |
| Elmar 90mm. ....    | 4.80     | 12.00     | 15.00       | 22.00   |
| Elmar 105mm. ....   | 4.80     | 12.00     | 15.00       | 22.00   |
| Elmar 135mm. ....   | 6.00     | 13.20     | 15.00       | 22.00   |
| Hektor 135mm. ....  | 6.00     | 13.20     | 15.00       | 22.00   |
| Summitar 50mm. .... | 4.80     | 12.00     | 15.00       | 24.00   |
| Hektor 73mm. ....   | 9.60     | 14.40     | 15.00       | 27.00   |
| Thambar 90mm. ....  | 9.60     | 14.40     | 15.00       | 30.00   |
| Xenon 50mm. ....    | 9.60     | 14.40     | 15.00       | 33.00   |
| Telyt 200mm. ....   | 9.60     | 16.80     | 20.00       | 33.00   |
| Telyt 400mm. ....   | 9.60     | 16.80     | 20.00       | 40.00   |

**NOTE:** These prices are subject to minor variations depending on the condition of the lens and nature of repair work needed. All polishing and recementing charges include cost of cleaning.

Delivery on lenses which need cleaning, polishing, or recementing is approximately two weeks from receipt of repair authorization. Coating takes approximately four weeks.

| Code Word | Cat No. | Item                                                                                                      | Retail List Price Including Fed. Excise Tax |
|-----------|---------|-----------------------------------------------------------------------------------------------------------|---------------------------------------------|
| GIINK     | 72,025  | Conical Extension Tube, with correction lens of 1x initial magnification, for Micro-Ibso Attachment ..... | \$ 28.50                                    |
|           | 72,030  | Wire Cable Release, 18", for Micro-Ibso .....                                                             | 2.00                                        |
|           | 72,035  | Wire Cable Release, as above, but with set screw .....                                                    | 4.20                                        |
|           |         | Adapter, for adapting Micro-Ibso to large tube diameter of petrographic microscope .....                  | 7.88                                        |

#### ENLARGING APPARATUS

|         |        |                                                                                                                                                                                                                                        |        |
|---------|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| ICOOP   | 73,102 | Focomat Enlarger model Ic .....                                                                                                                                                                                                        | 147.00 |
| DOOIT-B | 73,122 | 50mm. f/3.5 DOOGS enlarger lens (with "f" click stops) for use in Ic Enlarger .....                                                                                                                                                    | 56.00  |
| FYSNE   | 73,131 | Orange filter for Focomat Ib Enlarger .....                                                                                                                                                                                            | 12.25  |
| FOOES   | 73,132 | Orange filter for Focomat Ic Enlarger .....                                                                                                                                                                                            | 9.10   |
| VALOO   | 73,151 | Combination slip-on ring and sunshade for 50mm. Elmar f/3.5 lens. Has external click stops adjustment, for iris diaphragm .....                                                                                                        | 6.65   |
| VNEOO   | 73,161 | Replacement 24 x 36mm. negative carrier plate for all enlargers (except IIa); with ruby glass .....                                                                                                                                    | 3.50   |
| VAVIR   | 73,170 | Masking Negative Carrier Plate (3 x 4 cm.) for Focomat Ic .....                                                                                                                                                                        | 6.30   |
| VAKES   | 73,172 | Masking Negative Carrier Plate (4 x 4 cm.) for Focomat Ic .....                                                                                                                                                                        | 6.30   |
| VOOWI-B | 73,300 | Automatic Focusing Enlarger, Focomat IIa, for negative sizes up to 2¼" x 3¼", includes special 50mm. and 95mm. lenses in rotating turret .....                                                                                         | 398.00 |
| VOOMD   | 73,426 | Hinged double glass plate (3.5 x 12 cm.) for single negatives for Ic to be used with metal plate listed below .....                                                                                                                    | 1.75   |
| VMOOE   | 73,427 | Metal Guiding Plate, to be used with hinged glass plate No. 73,426 .....                                                                                                                                                               | 1.05   |
| FPYOO   | 73,615 | Enlarging easel, wood construction, with adjustable metal masking bands, for paper sizes up to 11 x 14 in., maximum picture area 9 x 11 in., with grooves at lower surface for attaching to baseboard clamp of Focomat enlargers ..... | 26.25  |
|         | 73,755 | 75 watt replacement bulb for Enlargers .....                                                                                                                                                                                           | .45    |

#### PROJECTION APPARATUS

|              |        |                                                                                                                                                                                         |        |
|--------------|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| UGILU-B      | 75,005 | Leitz PARVO II projector complete with Hektor f/2.5, 100mm., coated projection lens, 300 watt, 110 volt projection lamp and slide changer .....                                         | 110.00 |
| UGOFU-B      | 75,006 | Leitz PARVO II projector, same with Hektor f/2.5 120mm. ..                                                                                                                              | 120.00 |
| VOGUU-GLAS-B | 75,311 | Leitz VIIIs projector with lens adapter to accept any Leica lens. With slide changer, interchangeable condensers, 400 watt, 110 volt projection lamp, but without projection lens ..... | 110.00 |
| TUUEM        | 75,365 | Filmstrip carrier for VIIIs projector .....                                                                                                                                             | 18.00  |
| TIYUU-B      | 75,881 | Hektor 85mm. f/2.5 coated projection lens for VIIIs .....                                                                                                                               | 51.00  |
| UALVU-B      | 75,887 | Hektor 120mm. f/2.5 coated projection lens for VIIIs .....                                                                                                                              | 75.00  |
| APUUM        | 75,960 | Projection Bulb, 300 watts, 110-120 volts, for Parvo II projector .....                                                                                                                 | 3.20   |
| APVII        | 75,961 | Projection Bulb, 100 watt, black top, for VIIc (Gnome) projector .....                                                                                                                  | 2.50   |
